□□ Easy to Use

How do I find my way around the interface?

Your interface is designed to be simple and concise despite the wealth of information.

Keep in mind the main areas of your shop:

- customer management: tracking, discounts...;
- order management: tracking, business rules...;
- catalogue management: categories, items, stock, prices, product sheets...;
- information management: about us, legal notice, adverts...;
- design management: template, graphics, home page, title, logo, layout...

The account menu, at the top right, also lets you choose your profiles: “Gestionnaire” (manager), “WebMaster” or “Expert”. The menu and buttons shown follow the profiles you tick:
